SUBJECT	Noor Residences — sample apartment opening

The sample apartment for Noor Residences opens to clients on Sunday 1 November at the sales centre in Al Khuwair, Muscat. It presents the three-bedroom layout with the Sand finish palette.

To prepare, please note the following:

- Private appointments run from 10:00 to 19:00, in 60-minute slots, booked through the CRM.
- The finish pack price list (version 3) replaces all earlier versions from 1 November.
- Photography inside the apartment is permitted for clients; press visits are arranged by Marketing.
- Each visit closes with the floor-plan folder and a printed quotation from the template.

Thank you for keeping the apartment as it is presented: shoes off at the threshold, lights on the evening scene after 17:00, and the finish samples returned to the tray after each visit.

- **Action required by 22 October**
  Team leads to confirm the appointment rota and the names of the consultants on duty.
